## PORTUGUESE-AMERICAN DANCERS OF SAN DIEGO

---

### **Mission Statement**

The Portuguese-American Dancers strive to preserve our Portuguese heritage through the teaching and performance of folkloric dancing. The dances represent all regions of Portugal and our group has entertained and educated people around the world.

The Portuguese-American Dancers (PAD) is comprised of 45 members; consists of two (2) dance groups – Junior and Adult; that range in age from 4 to 35. We are very proud of our dancers, their families, and their dedication to the group.

In January 2020, the PAD was preparing for our dancing tour in Hawaii. We were scheduled to perform on three islands: Maui, Oahu, and Hilo. We purchased our tickets in early March, and thought we were set to go. Then COVID-19 came into our lives and crushed our dream of performing in Hawaii in 2020.

The trip had been a dream of mine to visit and perform on the islands where many Portuguese ancestors migrated and started their livelihood. Due to the cancelation of our trip, one airline charged us a Cancellation Fee. This hurt our finances. But, thankfully, parents and grandparents stepped-up-to-the-plate and paid the fee for us. We still have a loss of over \$2,500 for our inter-Island flights. However, we have a voucher for a future trip and plan to use it as soon as possible.

Also due to COVID-19, the dancers have not met or rehearsed since early March. I pray that soon we can all be together to share our love for folkloric dance as well as our love for one another.

Respectfully submitted,

*Therese Garces*
