Bingo Night was off to a great start in 2020. Most of our Thursday Night events were over 120 patrons enjoying the fun and festivities associated with our Bingo Nights. Due to Covid-19 protocols we were forced to shut down in March and have been unable to open due to county and state restrictions.

We look forward to opening back up. Hopefully in the first quarter of 2021. The income made from Bingo helps support many projects at the hall. It also lets the people of San Diego see the many fun events we have scheduled through out the year, including the Portuguese Festa!

I would like to take this opportunity to invite the community to come join us once we get started back up and running. We need everyone's participation.

We look forward to a more "Normal" and successful year in 2021!
